1. Overview

The "License — Work Specific" module on the Shram Suvidha Portal allows contractor establishments to apply for a work-based licence under the OSH & CoSS Code 2020. A work-based licence is required when a contractor deploys contract labour at a specific work site, and a separate licence must be obtained for each work order.

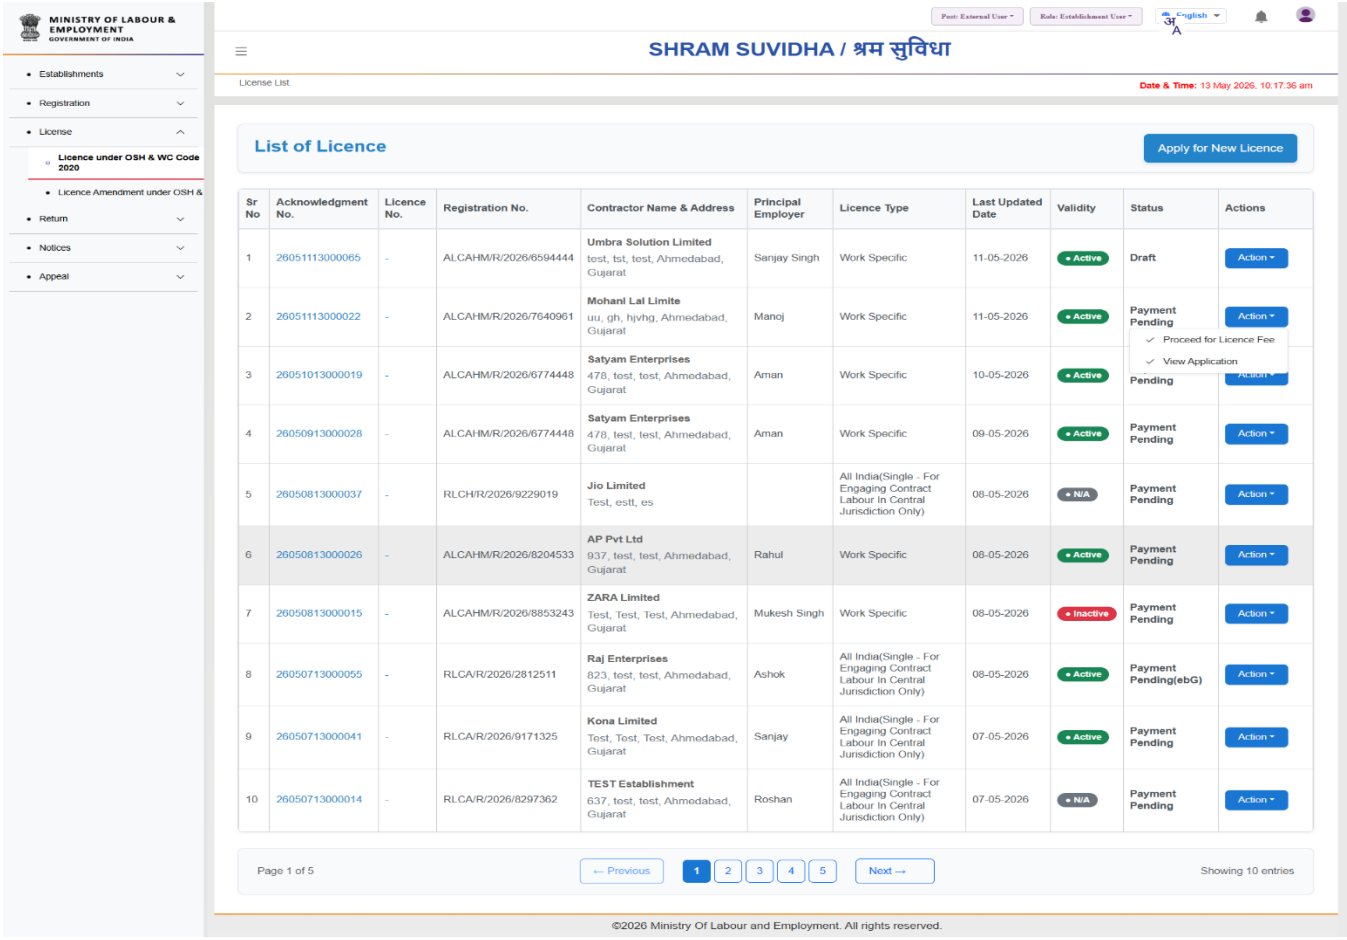

The application form is divided into four tabs that must be completed in sequence: "Contractors Details", "Ownership", "Contract Work Details", and "Attachments". Each tab must be saved before proceeding to the next.

2. Accessing the Licence Listing

The "List of Licence" page displays all licence applications submitted under the user account, along with the licence type, current status, and last updated date.

A. Steps to Access

1. Log in to the Shram Suvidha Portal as an establishment user.
2. In the left sidebar, click "Licence" to expand the submenu

3. Click **"Licence under OSH & WC Code"**. The page is redirected to the "Licence under OSH & WC Code" screen.

This screen displays the list of establishment licences under the OSH & WC Code.

4. The user can apply for a "Work Specific" licence and view details such as the acknowledgement number, licence number, registration number, contractor name and address, principal employer, licence type, last updated date, validity status, and "Action".

The **"Action"** button allows the user to perform further operations for each record, such as:

- View Clarification Officer's Remark
- Respond to Clarification
- View EA Status
- Licence Certificate
- Licence Application
- Licence Form
- Edit (if the application is in "Draft" status)
- Submit e-BG Details
- e-BG Challan
- Acknowledgement Slip
- Receipt

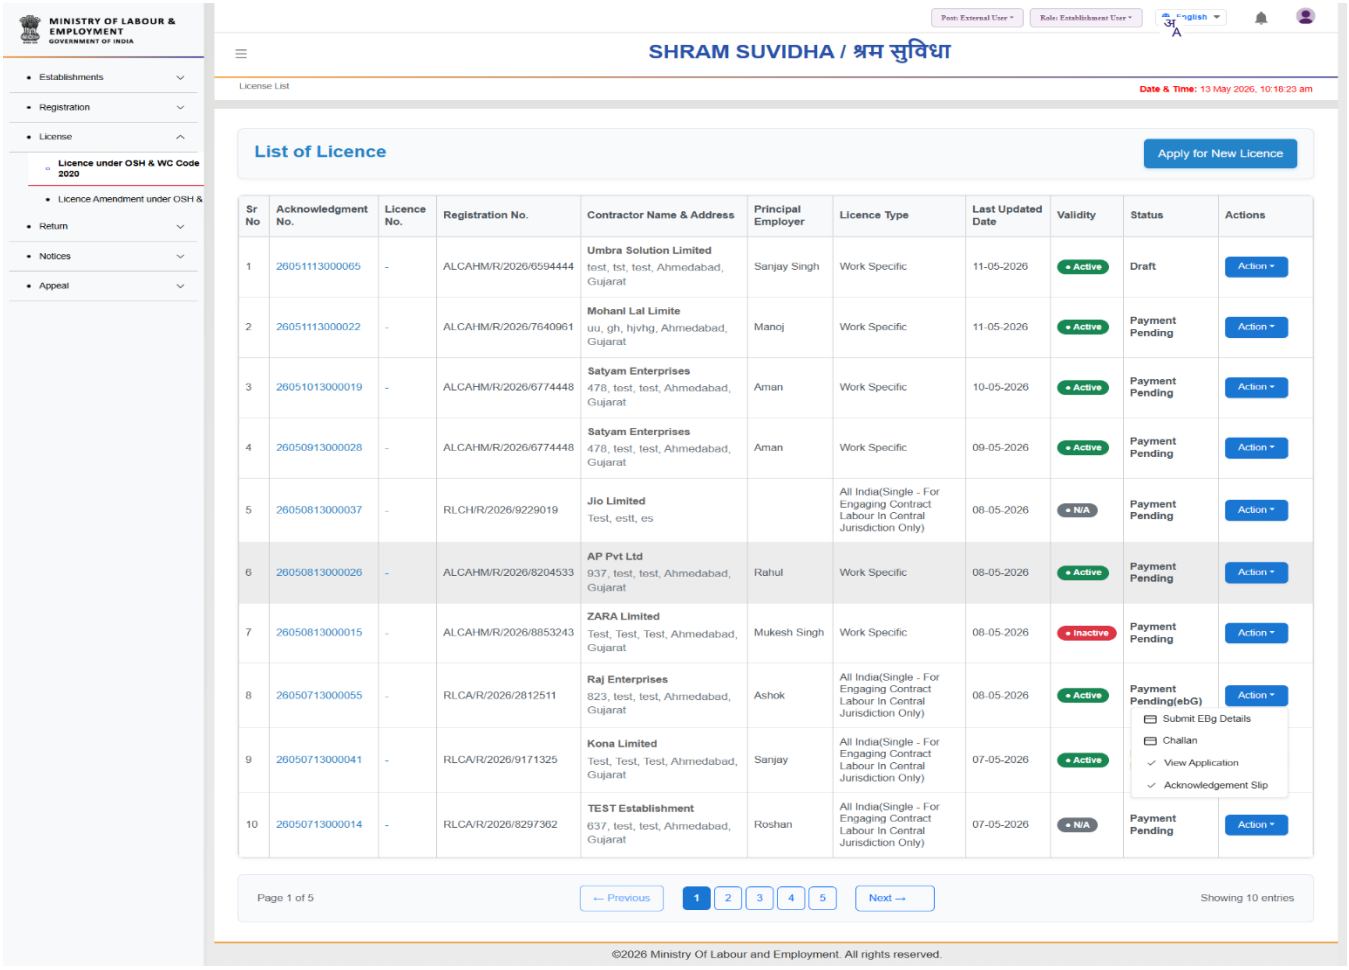

Fig. 1 — "List of Licence" page showing all licence applications

Note: Click **"Apply for New License"** (highlighted as ② in the top-right corner) to start a new licence application. Use the pagination controls at the bottom of the page to navigate through multiple pages of records

3. Apply for Licence

Clicking "Apply for New Licence" opens the "Select License Type" pop-up, where the user selects the type of licence before proceeding to the application form. Two licence types are available: "All India (Single- For Engaging Contract Labour In Central Jurisdiction Only)" and "Work Specific".

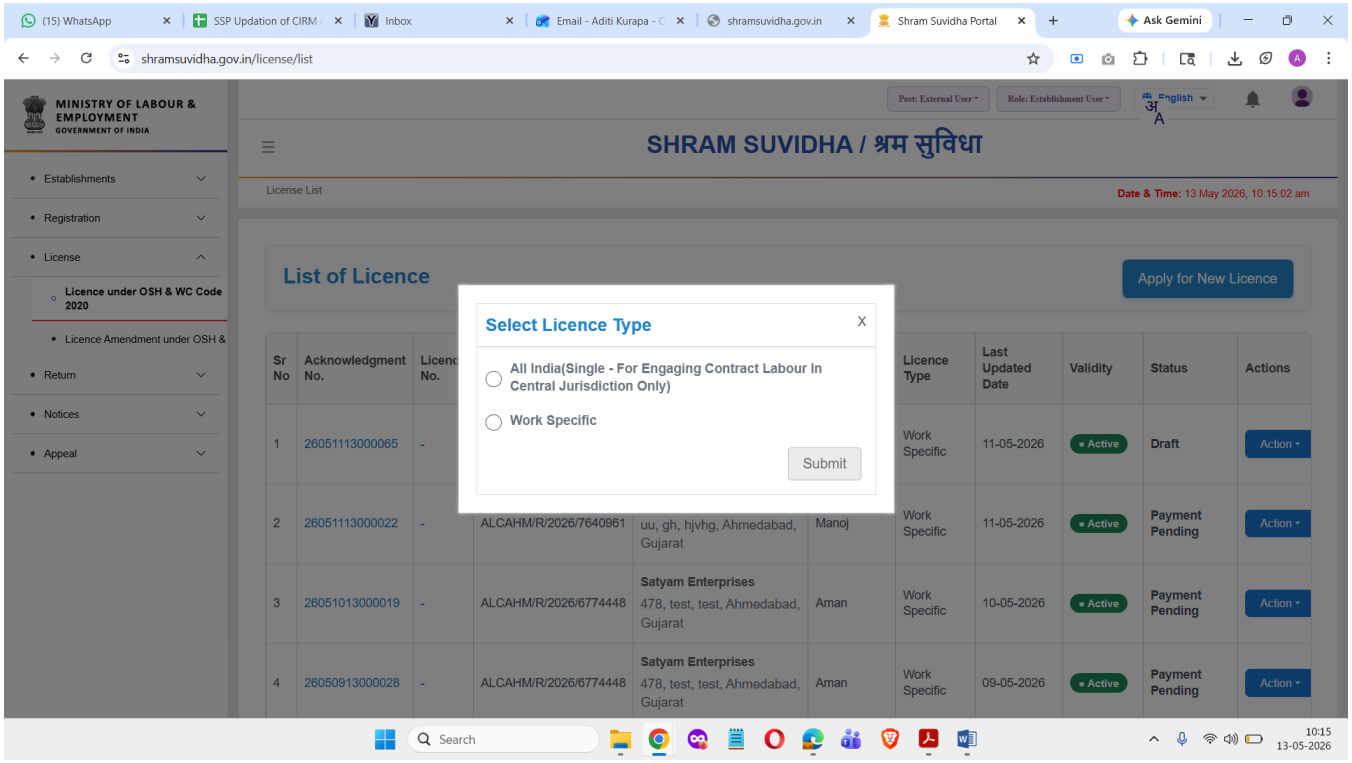

Fig. 2 — Select License Type from popup

Click **"Submit"** to proceed. The page is redirected to the licence form.

Note: Two licence types are available: **"All India (Single)"** for contractors operating across India, and **"Work Specific"** for a specific work order at a single site. **This manual covers the "Work Specific" flow**

4. Contractors Details

The "Contractors Details" tab is the first of four tabs in the "Work Specific" licence form. It captures details of the contractor establishment.

In the **"Select Identifier Type"** dropdown, select **"Registration No."** or **"TLIN"**. Enter the registration number or TLIN of the contractor establishment and click **"Search Registration No."**. The system fetches the contractor details and displays the message **"Contractor details fetched successfully"**.

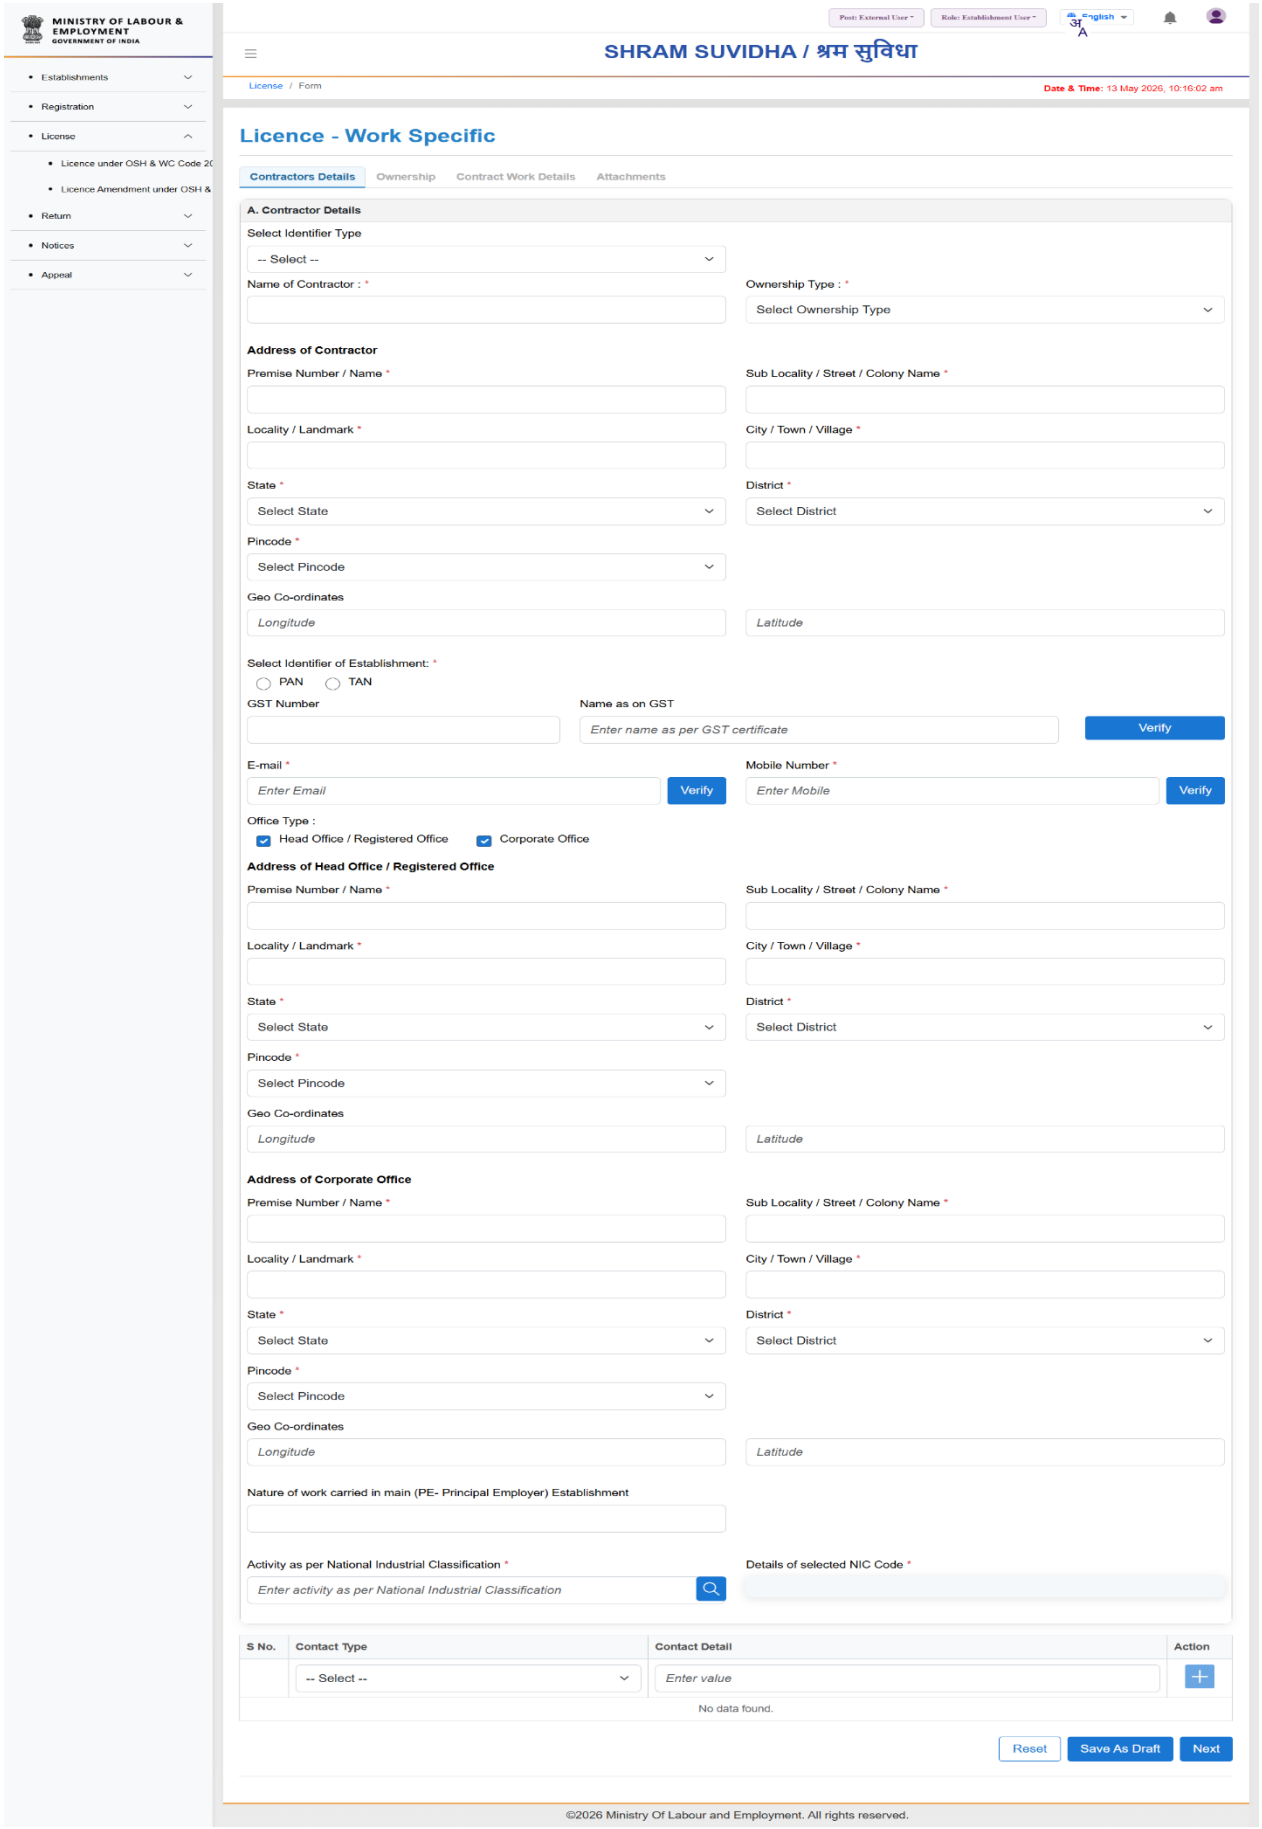

.

1. **Name of Contractor:** This field is populated automatically based on the registration number or TLIN
2. **Ownership Type / Sector**: Select the ownership type from the dropdown. Based on the selected value, the user is required to enter PAN details and employer details.
3. **Address of Contractor:** prefetch by Registration number/ TLIN in the specified format, including the following fields:
    a. Premise Number / Name
    b. Sub-locality / Street / Colony Name
    c. Locality / Landmark
    d. City / Town / Village
    e. State
    f. District
    g. Pin code
4. **Select Identifier of Establishment**: Select PAN or TAN
5. **Geo Co-ordinates:** Enter the Geo Co-ordinates, if required.
6. **Email:** This field is populated automatically based on the registration number or TLIN.
7. **Mobile Number:** This field is populated automatically based on the registration number or TLIN.
8. **Office Type:** Select the applicable office type by using the checkbox. Two office types are available:

- Head Office Registered office: If this option is selected by User, enter the complete address in the following fields:
    - Premise Number / Name
    - Sub-locality / Street / Colony Name
    - Locality / Landmark
    - City / Town / Village
    - State
    - District
    - Pin code
- Corporate Office: If this option is selected, enter the complete address in the following fields:
    - Premise Number / Name
    - Sub-locality / Street / Colony Name
    - Locality / Landmark
    - City / Town / Village
    - State

- District
- Pin code

9. **Nature of work carried in main (PE- Principal Employer) Establishment:** Enter the nature of work in this field.
10. **In the Activity as per National Industrial Classification field**, enter a keyword and click the search icon to look up the appropriate NIC code. After selection, the **"Details of selected NIC Code"** panel is populated automatically with the complete hierarchy.
11. In the "**Contact Type**" table, select a contact type, such as "**E-Mail**" or "**Mobile**", from the dropdown. Enter the contact detail and click "**+**" to add it to the list. Add at least one contact entry.
12. **Reset** – Click **"Reset"** to clear all fields.
13. **Save as Draft** – Click to save the entered data as a draft.
14. **Next** – The **"Next"** button remains disabled until all required fields are completed. After the button is enabled, click **"Next"** to proceed to the next tab.

Note: All fields marked with * are mandatory. Email and Mobile must be verified using the Verify buttons before you can proceed. The NIC code search icon opens a hierarchical lookup — select down to Sub Class level to generate the NIC code.

5. Ownership Tab

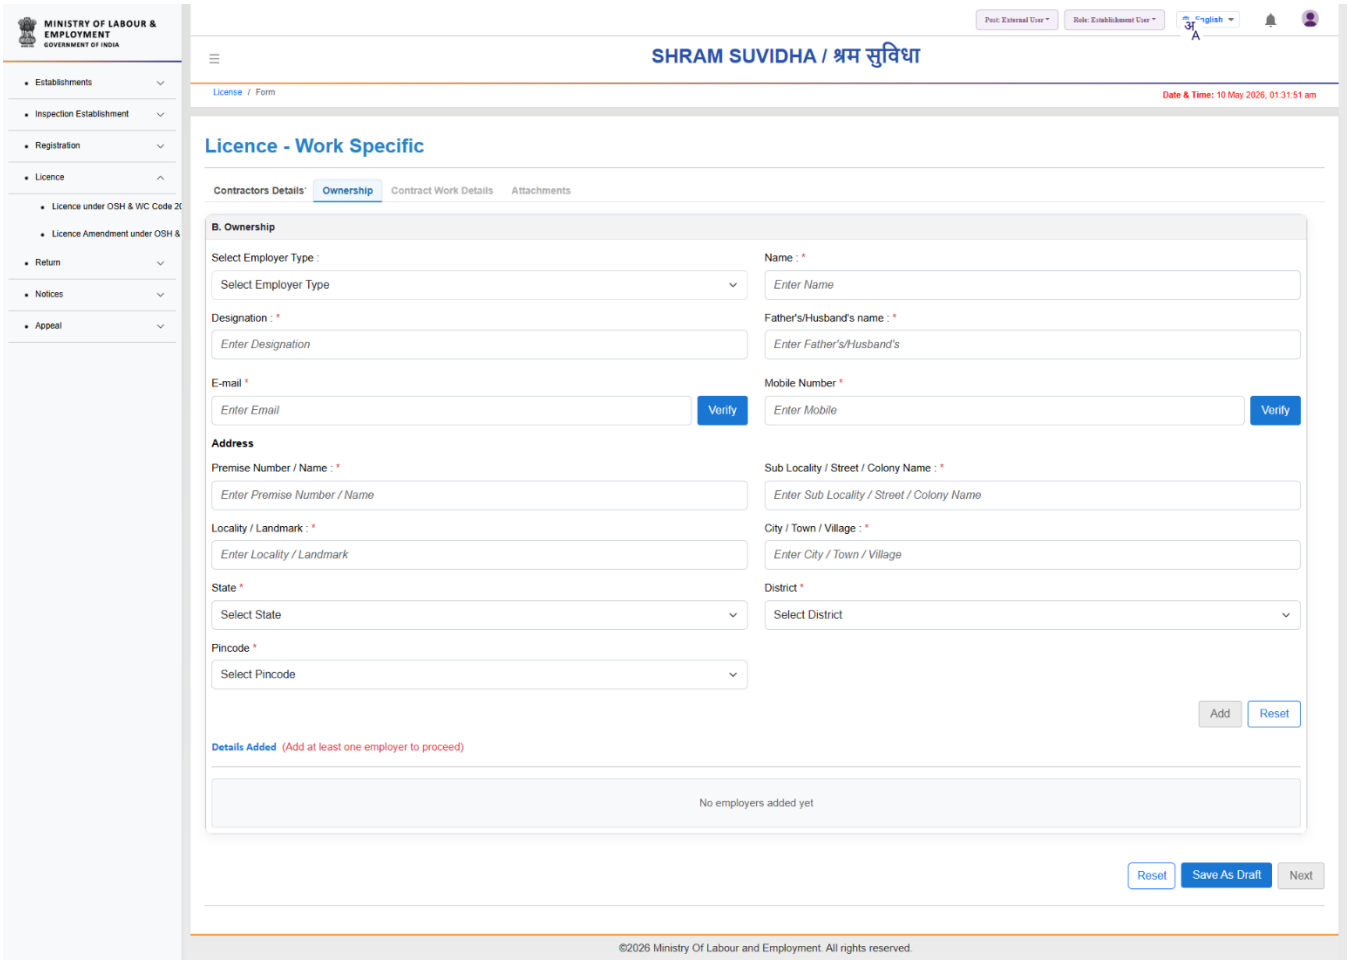

After completing the "Contractor Details" tab, click "Next" to open the "Ownership Details" tab. Complete the following fields.

Fill in the details as explained below:

1. **"Employer Type" —** Select the employer type from the dropdown.
2. **"Name" —** Enter the name of the employer.
3. **"Designation" —** Enter the designation of the employer.
4. **"Father's / Spouse's Name" —** Enter the father's name or spouse's name**.**
5. **"E-mail" —** Enter the personal email address of the employer. To verify the entered email address, click **"Verify".**
6. **"Mobile No." —** Enter the personal mobile number of the employer. To verify the entered mobile number, click **"Verify".**
7. **"Address" —** Complete the following fields:

    - "Premise Number / Name" — Enter the premise number or premise name.
    - "Sub Locality / Street / Colony Name" — Enter the sub-locality, street, or colony name.
    - "Locality / Landmark" — Enter the locality or nearby landmark.
    - "City / Town / Village" — Enter the city, town, or village name.
    - "State" — Select the state from the dropdown.
    - "District" — Select the district from the dropdown.
    - "Pin code" — Select the pin code from the dropdown

8. Click **"Add"** to save the entered employer details.
9. Click **"Reset"** to clear the entered details.
10. The added employer details are displayed in the **"Details of Employers Added"** section.
11. If required, click the **"Delete"** icon in the **"Actions"** column to remove the added employer details.
12. Click **"Save As Draft"** to save the entered details.
13. Click **"Next"** to move to the next tab.

⚠ **Important:** At least one employer must be added by clicking **"Add"** before the user can proceed. Entering the employer details without clicking "Add" does not save the record, and the **"Next"** button remains inactive.

6. Contract Work Details Tab

After completing the "Ownership" tab, click "Next" to open the "Contract Work Details" tab. Complete the following fields.

Step 1: "Name of Work" — Enter the name of work as per the work order

Step 2: "Registration No. of Employer's Establishment for which Licence is Required" — Enter the registration number of the employer's establishment and click **"Search"**. If the registration number is found, the system displays the message **"Registration found! Please select a principal employer from the dropdown"**.

Step3: "Select Principal Employer" — Select the principal employer from the dropdown. The **"Name of Principal Employer"**, **"Designation"**, **"Department"**, **"Email"**, **"Mobile"**, and **"Location of Work"** fields are populated automatically. The **"Location of Work"** field remains editable.

Step 4: "Select Contractor" — After selecting the principal employer, the **"Select Contractor"** dropdown is displayed. Select the contractor details from the dropdown.

Step 5: "Location Type" — Select the location type by using the radio buttons: **"Single"** or **"Multiple".**

- If **"Multiple"** is selected, the **"State"** and **"District"** fields are displayed.
- Select the required state and district, and add multiple states, if applicable.
- The added states are displayed in a table.

Step 6: "Work Order Number / Agreement Number" — Enter the work order number or agreement number. The copy of the work order or agreement is uploaded in the **"Attachments"** tab.

Step 7: Whether nature of work is?: Select whether the nature of work is **"Core Activity"** or **"Non Core Activity"**.

- If **"Core Activity"** is selected, additional compliance conditions are displayed and require **"Yes"** or **"No"** responses.
- If the response is **"Yes"**, the user can download the sample from the provided link. After completing and signing the document, the user can upload it as a supporting document.

Step 8: Maximum number of contract labour to be employed in establishment on any day: Enter the maximum number of contract labourers to be employed in the establishment on any day. The **"Licence Fee Info"** panel on the right displays the applicable fee based on the number entered.

- The **"Security Fee"** and **"Licence Fee"** fields are calculated automatically based on the labour count. Verify these values.

Step 9: Activity as per National Industrial Classification: Click the search icon next to this field. The **"Search NIC Code"** pop-up opens.

- Select the **"Section"**, **"Division"**, **"Group"**, **"Class"**, and **"Sub Class"** from the dropdowns on the left.
- The NIC hierarchy is displayed on the right.
- The generated NIC code is displayed at the bottom. Click **"SELECT CODE"** to confirm.

Step 10: Estimated date of commencement of Contract Work : Enter the estimated date of completion by using the date picker.

Step 11: Estimated date of completion of Contract Work: Enter the Estimated date of completion using the date picker

Step 12: Name of Site In-charge/Project in-charge/ Project Manager: Enter the name of the site in-charge, project in-charge, or project manager.

Step 13: Father's/spouse Name of Site In-charge/Project in-charge/ Project Manager: Enter Father's/spouse Name.

Step 14: Address of Site In-charge/Project in-charge/ Project Manager: Enter the address in the given format.

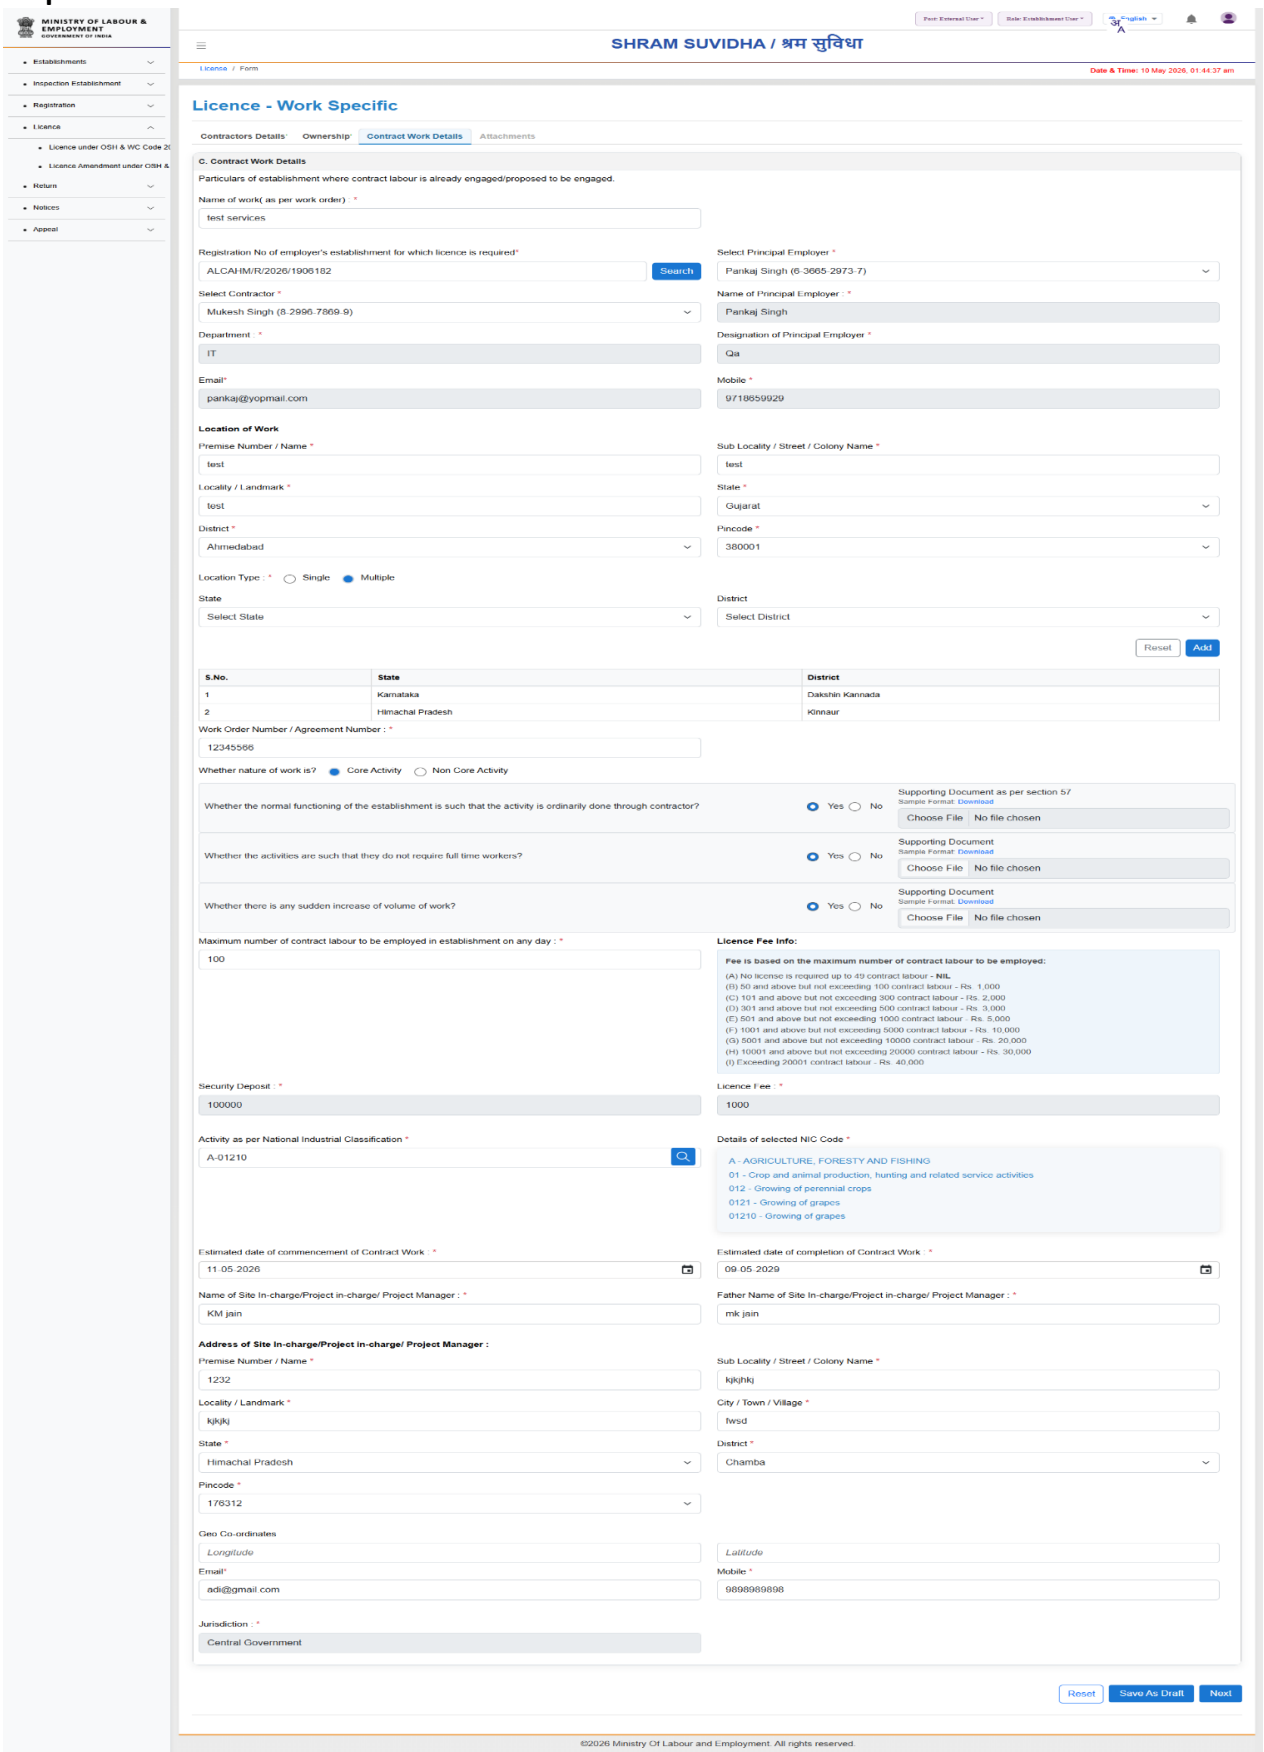

Step 15: Email: Enter the contractor email address.

Step 16: Mobile: Enter the contractor mobile number.

Step 17: Jurisdiction: this field is auto selected.

Step 18: Click **"Save As Draft"** to save the entered details.

Step 19: Click **"Next"** to move to the next tab

Note: The "Licence Fee" is calculated automatically based on the number of contract labourers entered. Under the OSH & WC Code, 2020, the contractor licence requirement applies where 50 or more contract labour are employed. Review the "Licence Fee Info" panel carefully before proceeding.

7. Attachments Tab

The **"Attachments**" tab is the final tab in the **"Work Specific"** licence form. In this tab, the user uploads the supporting documents and selects the declaration checkbox before final submission.

The red note at the top states that the following two documents are mandatory:

- **"Undertaking from Principal Employer (PE)"** — A signed undertaking from the principal employer confirming the contract arrangement.
- **"Work Order / Agreement Copy"** — A copy of the work order or agreement between the contractor and the principal employer.

The file size for each document must not exceed 3 MB.

1. Steps to Upload Documents

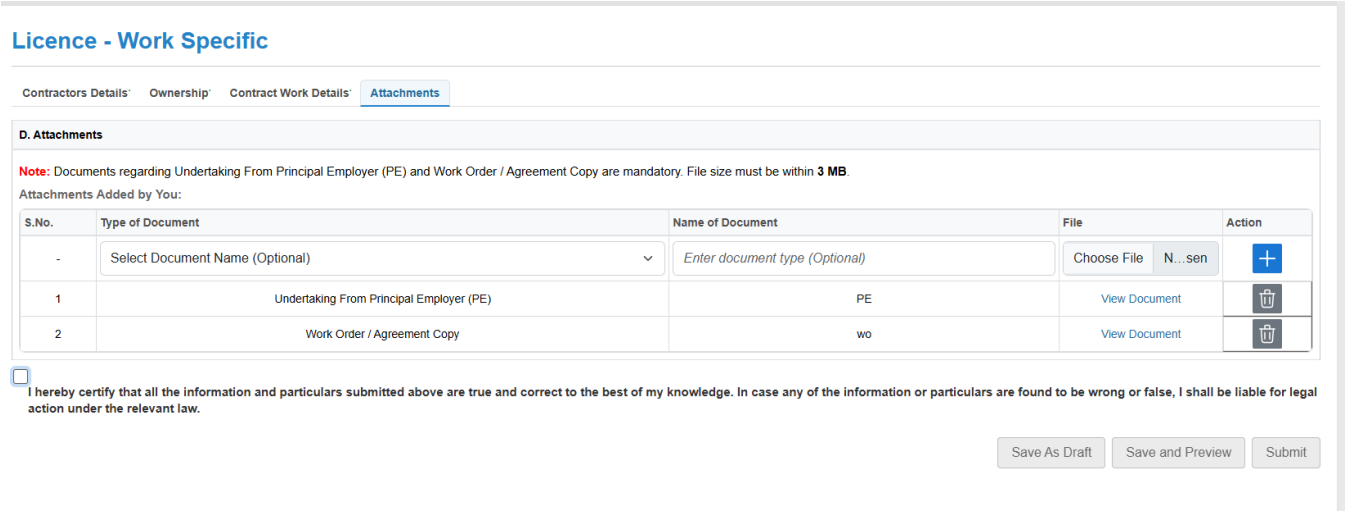

Step 1: In the document row, select the type of document from the dropdown.

Step 2: Enter the Name of the document in the text field.

Step 3: Click **Choose File** to select the file from your device.

Step 4: Click the **"+"** icon to upload and add the document to the list. A message is displayed: **"File uploaded and added!"**.

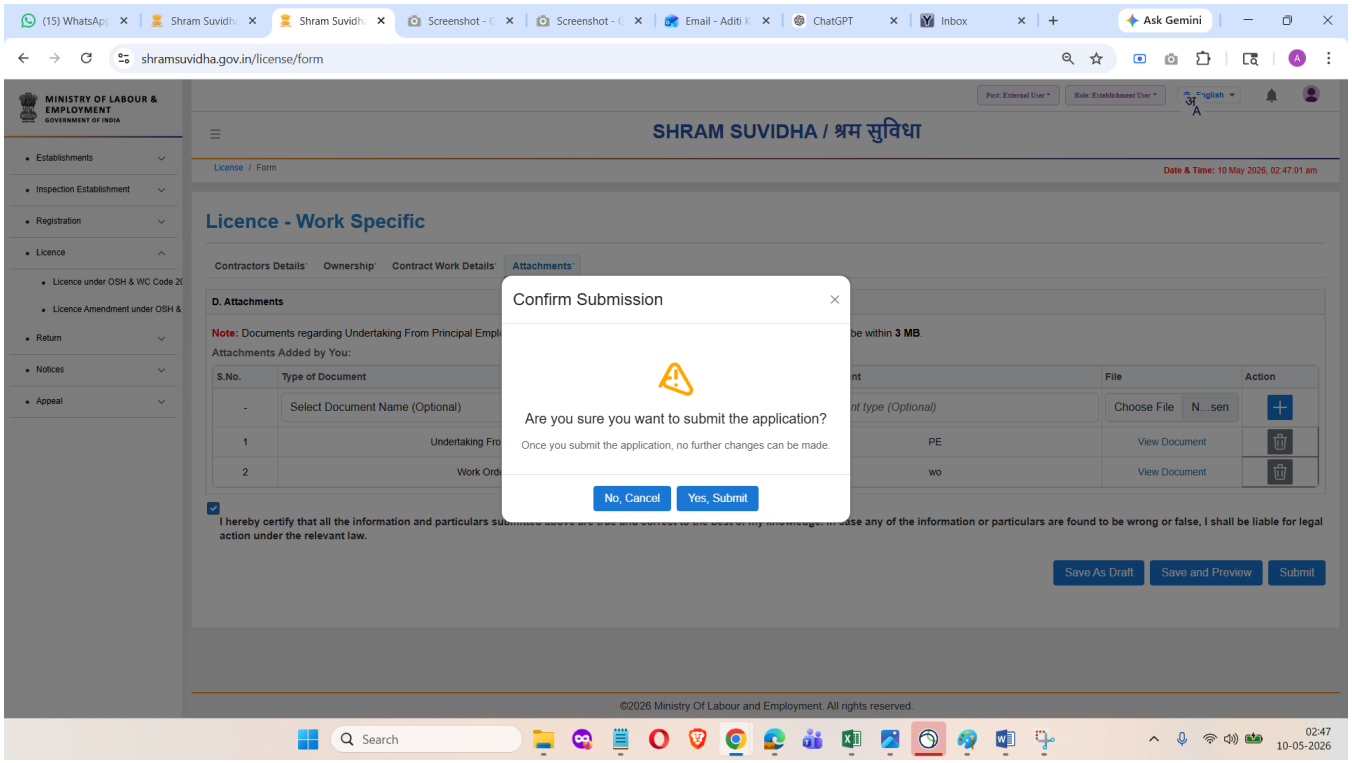

Step 5: Repeat these steps to upload additional documents, if required. The uploaded documents are displayed in the table along with a **"View Document"** link and a delete option.

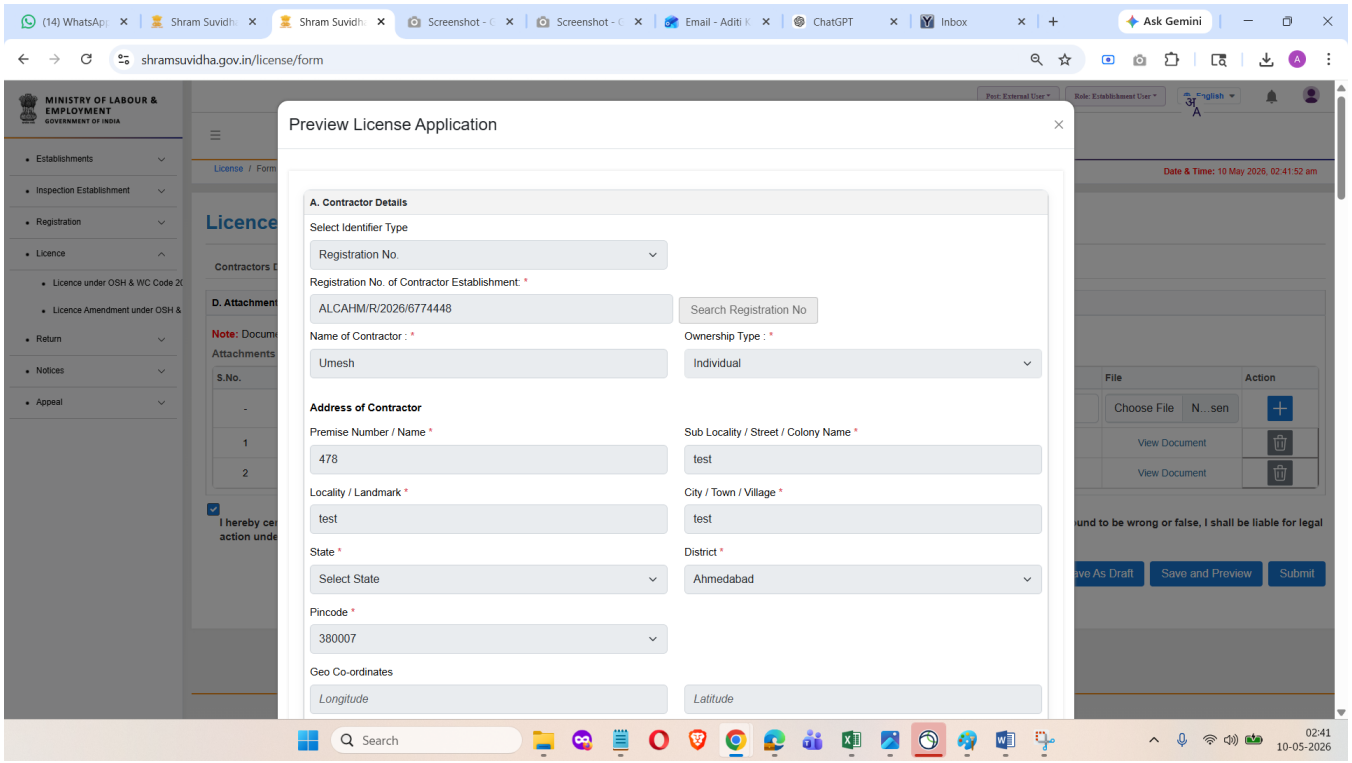

2. Declaration and Final Submission

1. Select the declaration checkbox: **"I hereby certify that all the information and particulars submitted above are true and correct to the best of my knowledge**..."

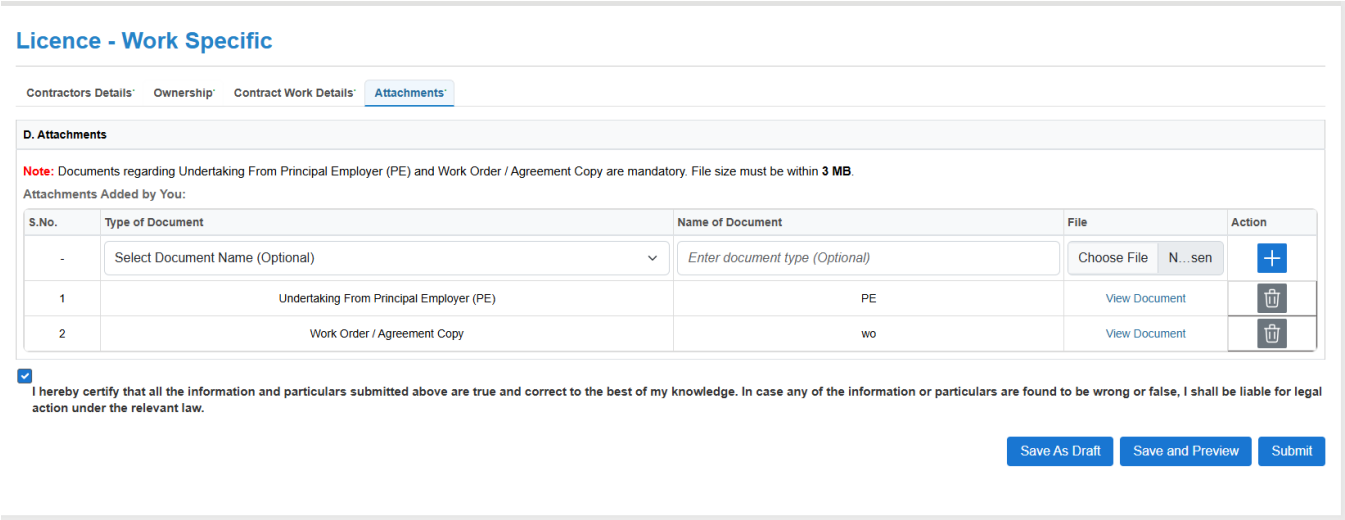

2. 2. After the declaration checkbox is selected, the "**Submit**" and "**Save and Preview**" buttons become active. Click "**Submit**" to submit the licence application. A confirmation pop-up is displayed with "Yes" and "No" options.

3. Click "Save and Preview" to view the completed application in a pop-up window. Before final submission, the user can review and edit the application.

4. Alternatively, click **"Save As Draft"** to save the progress without submitting the application.

⚠ **Important:** Uploading the "Undertaking from Principal Employer (PE)" and the "Work Order / Agreement Copy" is mandatory. The application cannot be submitted unless both documents are uploaded. Each file must be within 3 MB.

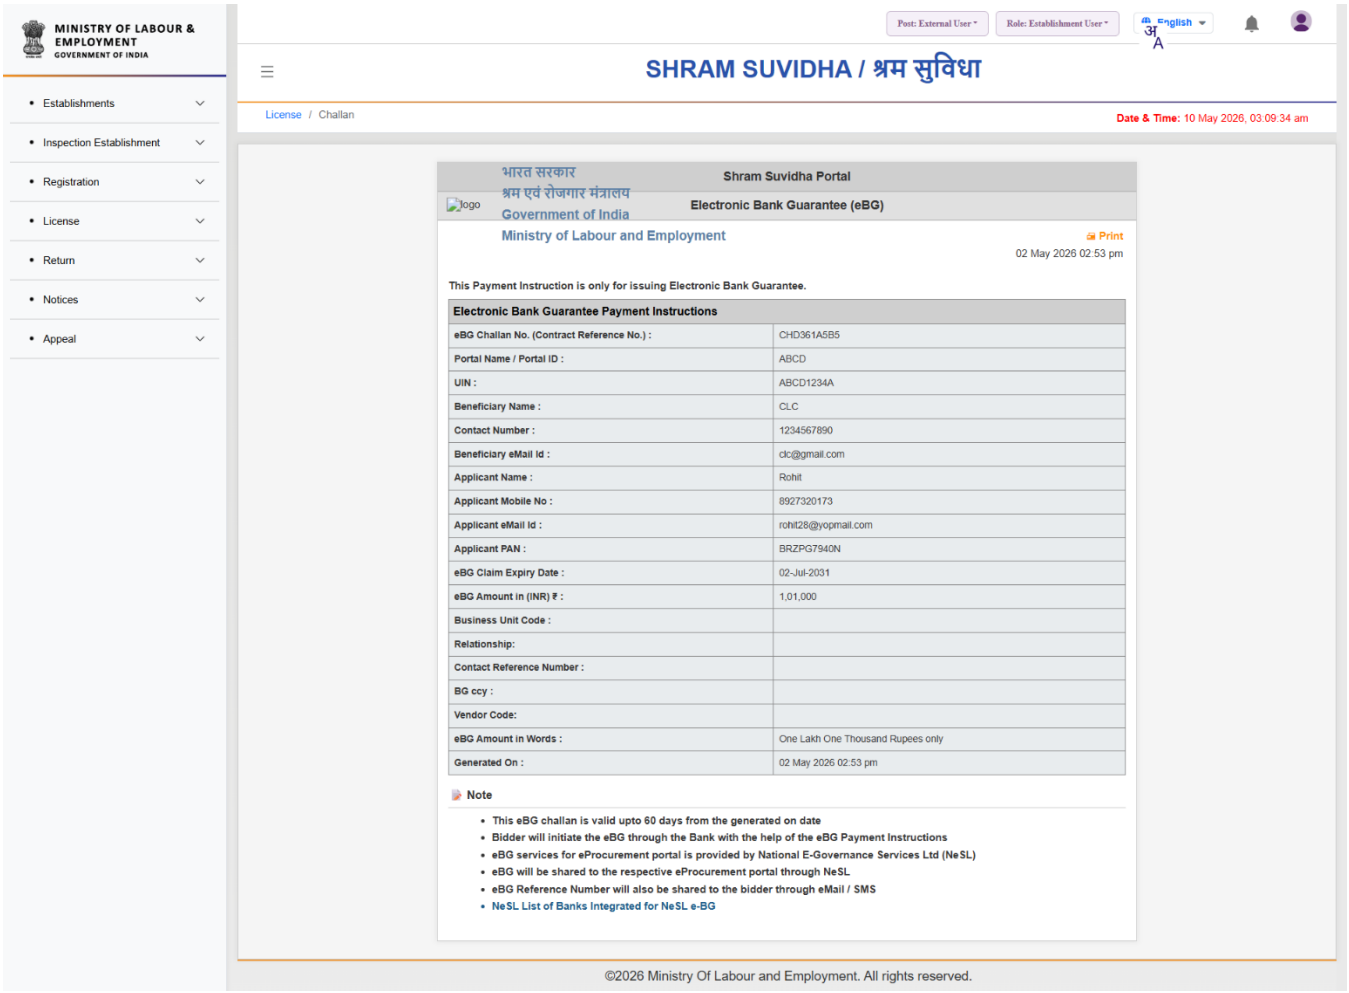

8. Post-Submission — Listing and Editing

After the licence application is submitted, the record is displayed on the "List of Licence" page. The following options are available under the "Action" button:

- Proceed for licence fee
- View Application
- Challan
- Submit eBG Details
- Acknowledgment slip

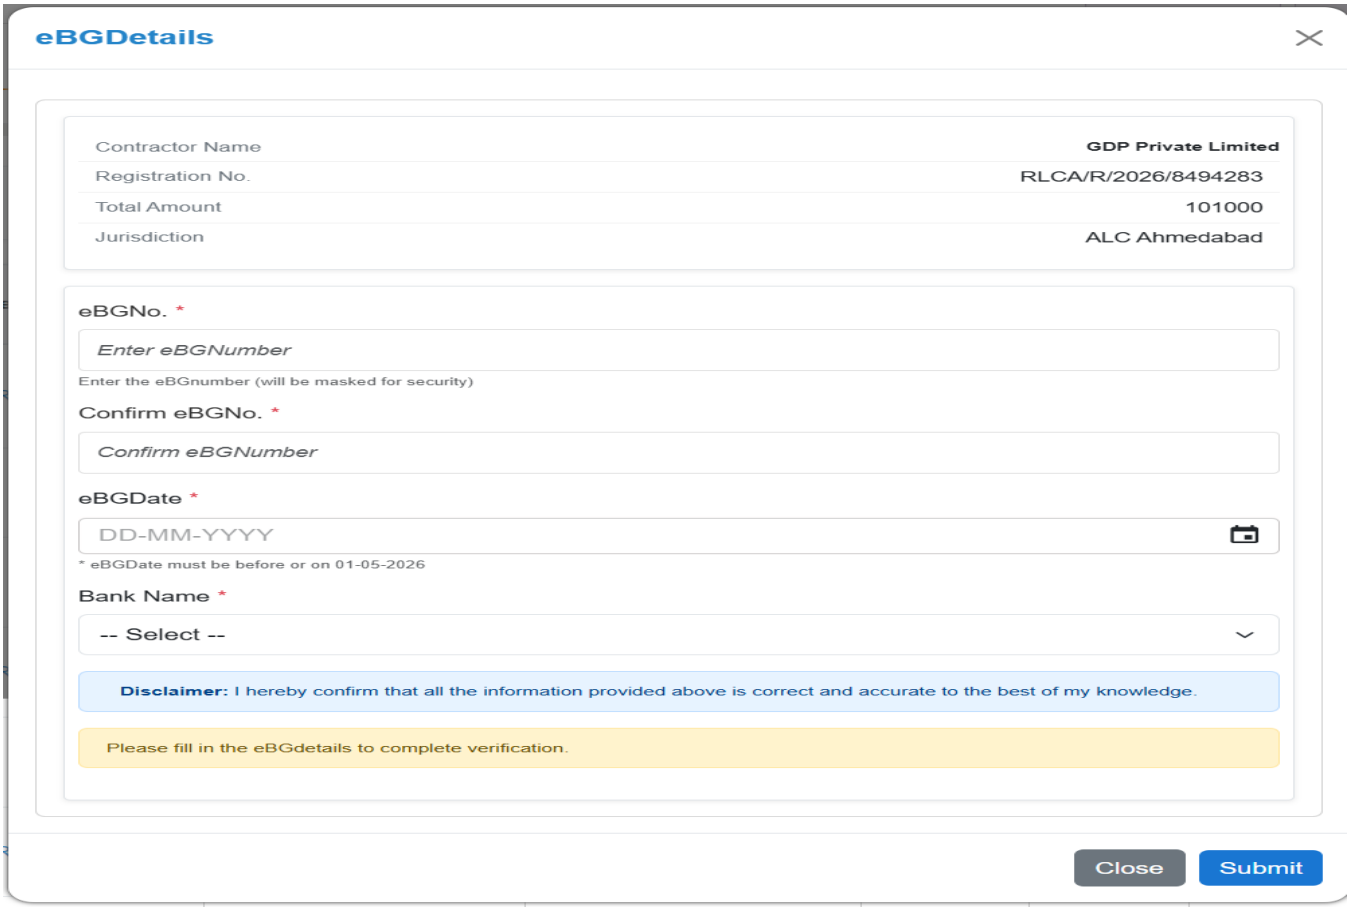

"Proceed for Licence Fee" — Click **"Proceed for Licence Fee"** to open the pop-up window with the payment details. Click **"Payment"** to pay the licence fee. After successful payment, a confirmation message is displayed.

"Challan" — After the licence fee is paid, the challan for the e-BG is generated. The user can print the challan to create the e-BG.

Submit eBG Details: After creating the e-BG, the user can enter the e-BG number, e-BG date, and bank name by selecting the bank from the dropdown, and then click "Submit". After e-signing, the application is submitted finally and is forwarded to the licensing officer for approval.

After submitting the e-BG details, the user can e-sign the application from the preview screen.

Acknowledgment slip: Click **"Acknowledgement Slip"** to view the acknowledgement slip. The slip displays the name and address of the establishment, the registration type, and the registration details under the **OSH & WC Code 2020**. The user can also download the **licence certificate PDF** and the **e-signed PDF**.

View Application: Click **"View Application"** to view the complete submitted application.

Status Reference

Status	Description
Draft	The application has been saved but not yet submitted. The user can edit and complete it by selecting **"Action" > "Edit"**.
Payment Pending	The application has been submitted and is awaiting payment of the licence fee before further processing.
Submitted	Payment has been completed, and the application has been submitted for review by the licensing authority.
Approved	The licence application has been approved. A licence number is assigned and displayed as a clickable link in the **"Licence No."** column.

Editing a Draft Application

- **On the listing page, click the "Action" button** for an application with **"Draft"** or **"Payment Pending"** status.
- **Select "Edit"** from the dropdown. The form reopens on the **"Contractors Details"** tab with all previously saved data pre-filled.
- **Navigate through the tabs**, make the required changes, and click **"Save As Draft"** or **"Next"**, as applicable. Complete all four tabs and resubmit the application when ready.

Note: Only applications with "Draft" or "Payment Pending" status can be edited. Applications with "Submitted" or "Approved" status are read-only.
